The Cruise Cost Checklist

Add up your real price before you book. From Cruise Granny™ and AI Cruise Granny™

The five money traps

- [ ] **Paying the first price you see**
  Compare before you book.
- [ ] **Buying packages out of habit**
  Count what you really drink at home.
- [ ] **Forgetting the trip to the port**
  Add flights or gas, parking and a hotel.
- [ ] **Paying for the upgrade without thinking**
  Will you really use it?
- [ ] **The third guest**
  Price them first, and ask before you add anybody.

Ask before you book

- [ ] Is this the lowest price?
- [ ] What do I really drink?
- [ ] What does it cost to get there?
- [ ] Will I use the balcony?
- [ ] Who else pays a fare?
